disclosed and discussed on pages 1-4 of the specification.

Enclosed please also find an International Search Report (2 pages

The two Patent abstracts of Japan are in English.

In the International Search Reports the references listed in

listed in category Y mean the document of particular relevance;  
the claimed invention cannot be considered novel or cannot be  
considered to involve an inventive step when the document is  
taken alone. The International Search Report is in English so no  
further explanation is required.

Three PTO-1449 forms are presented listing all 14 references (including the 12 reference disclosed and discussed in the specification and 2 references listed in the International Search Report).

A total of 14 references are being submitted herewith.

Translations of the foreign language references are not available to the undersigned.
